

MARC STUART MEDIUM THE SCOTTISH MEDIUM

Church Platform Work

Marc always goes direct and does not call out. He tries to give as many messages as possible, preferring to keep them short and direct than giving mini private readings. He can give over thirty readings in one service. He does not play it safe with one long "safe" reading. Zoom services no expenses required. When traveling will go anywhere in the UK as long as expenses are covered. Always happy to work at private events to cover the costs.

Marc has also worked on USA and Canadian Church services both on Zoom and in person.

International

In 2019 Marc worked in China and the USA. Now working on Zoom with clients in: the USA, UK, China, Australia, India, South Africa, and New Zealand.

Zoom Readings

Marc provides a video of the reading. In Card readings you get to see the cards on screen at the same time as himself. Book Online from Google.

Circles

Currently runs four online Zoom Circles with plans for more later this year. He owns the domain **www.OnlineMediumReadings.com** which he has plans to launch soon with only Mediums he has trained or experienced mediums working to the same methodology he uses allowed to work on the site.
