A Complete Pathway for Spiritual Growth and Professional Mediumship

The **Marc Stuart Medium Network** is a bold new model for modern spiritual development — practical, inspiring, and built to help you grow from first contact to professional confidence.

Created by **Marc Stuart — The Scottish Medium**, it unites readings, training, and professional mentoring under one clear system.

Whether you want powerful, affordable readings or to train as a working medium, you'll find every step mapped out for you.

 **Join free today:** <https://www.patreon.com/cw/MarcStuartMedium>

Two Paths. One Community.

The Network connects **sitters** who receive readings with **students** who give them. Everyone benefits: sitters receive genuine evidence of life after death, and students gain real experience and income as they learn.

It's a living, self-supporting community where every member has a place and a purpose.

Four Streamed Weekly Events from Five Different Events.

Every week the Network runs four live sessions that blend learning, demonstration, and community:

- **Open Circles** — Live demonstrations where students gather for messages and learning. Even on a **first visit**, guests often find themselves giving **direct spiritual evidence of life after death**, discovering an ability they never realised they had.
 - **Rapid-Fire Demonstrations** — Marc's signature high-energy events where up to 100 messages are delivered in one evening — the fastest and most evidential mediumship in Scotland.
 - **Conversations with the Mediums** — Smart, open discussions about spirituality, AI, ethics, and the modern world of mediumship.
 - **Training Development Circles** — Small-group teaching with Marc where students master the **core skills of evidential mediumship** — accuracy, delivery, and confidence.
 - **Cards with Marc** — Interactive card-reading sessions using a unique **three-camera setup** so viewers see every card, every reaction, and every piece of evidence unfold in real time.
-

The Six Levels of the Network.

We have six levels of membership depending on what ability you are at and what you are looking for. Catering for readings and developers.

1. Public / Free Access

Experience Scottish-style mediumship firsthand.

Attend **free Sunday Open Circles and Rapid-Fire Demonstrations** not to mention **Cards with Marc** and feel the connection for yourself.

As Marc says, *"I've only ever met about two people I couldn't give a clear message from spirit to on their first visit."*

New guests are always prioritised.

Includes:

- Free Sunday Open Circles, Rapid-Fire Demonstrations and Cards with Marc.
 - Priority for first-time guests
-

2. Readings Level

Perfect for those who want regular, authentic readings without training.

Attend Spiritual Sunday events as a sitter and enjoy **priority when messages are given**.

Each month you'll receive **one private professional reading**, plus access to weekly discussions and community content.

Includes:

- One private reading per month usually from a different Medium
 - Priority at Spiritual Sunday events
 - Access to Network discussions and shared content
-

3. Foundations Level

Your first step into structured development.

Gain access to **Marc's in-depth teaching lectures** explaining the mindset, psychology, and technique behind evidential mediumship.

This level builds awareness, confidence, and accuracy — the solid base every medium needs.

Marc's background as an **international demonstrator and trainer** shapes every lesson.

He has **worked on church platforms in 20% of all countries that have Spiritualist churches**, bringing a global perspective to his teaching. As the **creator of the Pattern Working and Rapid-Fire methods**, Marc teaches how to deliver fast, clear, verifiable evidence with confidence and heart.

Includes:

- Access to Marc's recorded lectures and training events
- Attendance at Open Circles with priority to both receive and give readings

4. Connections Level

For those ready to move from receiving readings to developing their own ability.

Join Marc for **weekly live webinars**, later released as lectures for Foundation students.

You'll have **priority in Open Circles** and a **monthly practice-only circle** dedicated to building skill and accuracy in a supportive environment.

Includes:

- Weekly live webinars with Marc Stuart
 - Priority participation in Open Circles
 - Monthly practice-only circle for Connections members
-

5. Training Level

For mediums already giving readings who want to refine, expand, and **earn within the Network**.

Here, serious development begins through **weekly Development Circles** personally led by Marc.

His motto: *"There's no such thing as 'I can't' — only me showing you that you can."*

Students quickly triple their evidential accuracy and speed using Marc's **Rapid-Fire and direct-evidence approach**.

You'll give paid readings to members in the Readings and Foundations levels, and **seven readings a month typically cover the full cost** of training.

Marc helps every student move from cards to confident **mental mediumship**, with the precision and professionalism that make his method famous.

When ready, you're invited to **work alongside Marc at live Rapid-Fire Demonstrations** — the ultimate test and reward.

Includes:

- Weekly Development Circles with Marc Stuart
 - Advanced Rapid-Fire and direct-evidence training
 - Paid readings for Readings and Foundations members
 - Potential to cover full training costs through seven readings a month
 - Invitation to work with Marc at live events
-

7. Business Level

The **final stage** — where trained mediums go global.

By now you're already earning locally and ready to build a full business presence.

Marc works personally with you to design a **branded website**, booking and payment systems, and marketing tools that launch your work to the world.

You'll also have opportunities to **assist Marc in the USA**, gaining experience at public demonstrations and live events.

Includes:

- Launch onto the worldwide web under the Marc Stuart Medium Network brand
 - Branded website and booking system
 - Integration with Marc's marketing and SEO framework
 - Business mentoring, pricing, and sustainability coaching
 - Opportunities to work with Marc in the USA
 - Inclusion in international promotions and online features
-

A Sustainable Spiritual Community

The Network is more than training — it's a **working ecosystem** where sitters, students, and professionals all grow together.

Students become professionals; professionals mentor new students.

Everyone supports each other while creating affordable, ethical, and verifiable spiritual work.

Your Invitation to Begin

Every great medium starts with one decision.

Join the **Patreon community as a free member**, attend a few **free Sunday events**, and discover what happens when you sit in one of Marc's circles.

You'll meet a welcoming international community and may find yourself giving clear evidence of spirit far sooner than you thought possible.

Your journey starts the moment you say yes.
